

Basketball Hoop Architectural Requirements & Agreement Form

- ARC approval must be obtained prior to placement of a basketball hoop assembly;
- Shall only be allowed in the rear patio area or on the paver driveway up close to the garage;
- Shall be free standing only. They may not be attached to homes or other structure/vegetation;
- Shall have a transparent (non-opaque) backboard and black post;
- Shall be maintained in compliance with neighborhood standards for appearance and condition (e.g. no ripped or frayed nets, no visible rust/corrosion, no cracked backboard, etc.);
- Adjustable height designs shall be of low profile; crank style only;
- Will be removed by time of closing upon sale of the property or at the request of the Cove Isle Community Association for any reason deemed necessary by the Association;
- Shall only be used between the hours of 8:00 a.m. - 8:00 p.m;
- Basketball hoop shall be removed and stored indoors during any local storm warning.

The applicant agrees to adhere to the above requirements for a portable basketball hoop to be located on their property.
